Re: Revised Primacy Fee Structure for Systems on a Monthly Schedule

Dear Public Water Supplier:

The Department is sending this letter to inform you that effective January 1, 2022, there will be a change to the Department's Primacy Fee structure that will affect the amount of the fee that your public water system is required to collect from your customers for remittance to the Department. This letter also provides some background information on the process undertaken by the Department to make this rule change as well as provides some guidance on actions you may need to take in preparation for this change.

The Department established the new fee rates by amending rule 10 CSR 60-16 Drinking Water Fees, consistent with the process outlined in 640.100 RSMo. The process included holding a series of stakeholder meetings to reach a consensus proposal, presenting the consensus proposal to the Safe Drinking Water Commission for approval, and promulgating the proposal through regulation. The rulemaking process also included a public comment period and a public hearing to give the public a chance to provide input prior to the Commission's adoption of the Order of Rulemaking. The final language of the rule will publish in the November 30, 2021, publication of the Code of State Regulations. You may find additional information on this process on the Department's Fee stakeholder webpage at the link below:

<https://dnr.mo.gov/water/business-industry-other-entities/permits-certification-engineering-fees/water-fees/public-drinking>

With the new fee rates to take effect on January 1, 2022, there are a few key actions you need to start planning for now in order to allow for a smooth transition to the new fee rates and ensure the proper collection and submittal of fees to the Department.

1. Your system is currently on a monthly collection schedule. If there is any need to change this schedule because of the revision to the fee structure, you need to notify the Department in writing by January 1, 2022. A change in the frequency of collection to annually or quarterly may also result in a change to your frequency of submittal of the revenues. With the effective date of the new fee structure quickly approaching, please coordinate with us as soon as possible if you anticipate a collection schedule change.

2. If you need to make any changes to your billing software to accommodate the new fee rates or a new frequency, you may need to start planning for those changes now so you collect the appropriate fee from your customers when the time comes to collect the revised amounts.
3. Finally, you should consider providing a notice to your customers regarding this rate increase and any potential change to your collection schedule.

Thank you for your attention to this matter and for your support of this change during the rulemaking process. Enclosed you will find a table of the revised Primacy Fee structure. If you have any questions regarding the new fee structure or the information included in this letter, please contact the Water Protection Program's Fiscal Management Section at P.O. Box 176, Jefferson City, MO 65102, by phone at 573-751-6723, or via email at wppfees@dnr.mo.gov.

Primacy Fee Revisions Table for Systems on a Monthly Collection Schedule

Number of Connections with Unmetered or Meter Size ≤ 1"	Current Fee Amount	Revised Fee Amount Effective January 1, 2022
1 to 10	\$0.27	\$4.17*
11 to 1,000	\$0.27	\$0.44
1,001 to 4,000	\$0.25	\$0.44
4,001 to 7,000	\$0.23	\$0.44
7,001 to 10,000	\$0.20	\$0.44
10,001 to 20,000	\$0.18	\$0.40
20,001 to 35,000	\$0.16	\$0.40
35,001 to 50,000	\$0.13	\$0.40
50,001 to 100,000	\$0.11	\$0.35
> 100,000	\$0.09	\$0.29
Meter Size		
> 1" ≤ 2"	\$0.62	\$1.75
> 2" ≤ 4"	\$3.43	\$8.50
>4"	\$6.87	\$16.50

* For systems with 10 connections or less, the Department will assess their fee at the minimum amount for the system and not per connection. The minimum fee will not be prorated.
